4. Please include a short bio:

I grew up in the Fraser Valley, and after a few years on Vancouver Island and in Rossland, I have been residing in Cultus Lake since 2011. I spend my free time mountain biking, skiing, climbing and sometimes dirt biking. I attended BCIT for Fish, Wildlife and Recreation and UFV for geography and communications, and I have worked in a parks job for most of my adult life. I am passionate about bike infrastructure and am a dedicated bike commuter and advocate.
